

### Description:

It is mainly used in gymnasiums, large theme parks, middle and large cultural squares, outdoor playgrounds, etc.

### Feature:

- \* Fiberglass housing, high density and light weight.
- \* Use a high-efficient 8" mid-woofer and a high-quality 34-pin tweeter driver.
- \* The mid-woofer and tweeter adopts horn design, to achieve long transmission distance.
- \* Applicable to various outdoor places; standard metal hoisting screws, convenient installation.

### Specification:

Model	TS-2H
Impedance	8Ω
Frequency response	100Hz~20KHz
Rated power	200W
Peak power	800W
Sensitivity	103dB
Max SPL(rated/peak)	126dB/133dB
Coverage angle	(H)80°(V)80°
Tweeter	1.4" compressed tweeter ×1
Woofer	8" woofer ×1
Size	450×450×600mm (H×W×D)
Weight	36Kg
