

## Courtyard speaker

TS-TY1200

### Feature

- \* The underground subwoofer is a new generation of omnidirectional, all-weather outdoor speakers with 360° sound field coverage and wide audio performance.
- \* Support a highly concealed hidden installation layout, with a dark brown and black appearance, which fully reflects the concept of integrating with the space design. It can be closely integrated with the surrounding landscape to create an excellent choice for courtyard music parties.
- \* Support the use of multiple spotlight speakers.

### Application

Mainly used in courtyards, villas and other occasions.
